Dear Dr Frog

has referred you to the Clinical Genetics Unit. You may not have had any contact with a Genetics department before, a leaflet about our service is enclosed.

Please call our appointment booking line on 0121 335 8024 to make your appointment.

We look forward to meeting you in clinic. In order to provide you with the best possible assessment we would be grateful if you can send us the forms highlighted below. The relevant forms, are attached to this letter.

Please quote your CGU number \_\_\_\_\_ on all letters or emails

1. Family history form
2. Consent form access to medical records to complete and sign
3. Developmental assessment form
4. Please provide photographs of your child. These will be held securely in our medical records

If you send printed photos we will return these to you.

You can return these either via post or by email to the address at the top of this letter. If you would like an electronic version of any form please email us at the same address

If there are specific circumstances which prevent you from calling to make an appointment or you would like to discuss this referral further you can email us at [genetics.info@nhs.net](mailto:genetics.info@nhs.net).

Yours sincerely,

Isaiah Olatunbosun
